

**Amendments to the Claims:**

The following claims will replace all prior versions of the claims in this application (in the unlikely event that no claims follow herein, the previously pending claims will remain):

1. (Previously Presented) A pole-holding tape of the tent having first and second holding tapes that are fixed by a plurality of sewing lines to the corner portion of tent fabric where the pole is located to secure the tent fabric to the pole, the pole-holding tape shielding the outer circumferential surface of the pole, the pole-holding tape comprising:

a waterproof-coated member, which is fixed by a sewing line to the corner portion of said tent fabric and in which the front of said sewing line is covered by a front waterproof tape, and both ends of said waterproof-coated member being attached to said first pole-holding tape and said second pole-holding tape; and

a side waterproof tape which is attached to the outer side of a plurality of sewing lines arranged between the back surface of the waterproof-coated member and the inner surface of the tent fabric.
